SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 77 HMS Hammerhead Shark Data Workshop are as follows: Participants will evaluate all available data and select appropriate sources for providing information on life history characteristics, catch statistics, discard estimates, length and age composition, and fishery independent and fishery dependent measures of stock abundance, as specified in the Terms of Reference for the workshop, to develop an assessment data set and associated documentation.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

To ensure and maintain the safety of all parties during standard operations and public health

AmeriCorps is committed to providing medical-based reasonable accommodation to qualified AmeriCorps employees and applicants for employment, pursuant to section 501 of the Rehabilitation Act of 1973, as amended, unless doing so would cause undue hardship. AmeriCorps is also committed to complying with Executive Order 14043, *Requiring Coronavirus Disease 2019 Vaccination*, which requires Federal agencies to collect employee health information related to the Coronavirus 2019 (hereafter “COVID-19”). AmeriCorps may develop and institute additional measures that require the collection of personal health information.

Moreover, pursuant to Title VII of the Civil Rights Act of 1964, as amended, AmeriCorps is committed to providing reasonable accommodation to AmeriCorps employees (including political appointees, career employees, detailees, interns, and applicants and candidates for employment) based on religion or religious belief, unless doing so would cause undue hardship. Also, AmeriCorps is committed to ensuring grantee and sponsor compliance in providing religious-based reasonable accommodation to AmeriCorps national service applicants, candidates, members and volunteers, unless doing so would cause undue hardship, pursuant to section 175 of the National and Community Service Act of 1990, as amended, and section 417 of the Domestic Volunteer Service Act of 1973, as amended.

AmeriCorps may collect medical-based and religious-based reasonable accommodation requests for AmeriCorps employees (including political appointees, career employees, detailees, and interns), applicants and candidates for employment, contractors, national service members and

volunteers, and applicants and candidates for AmeriCorps national service programs.

In addition, in response to public health emergencies, including a pandemic or epidemic, AmeriCorps may collect health related information (including but not limited to vaccination status and proof of vaccination status) for AmeriCorps employees (including political appointees, career employees, detailees, and interns), applicants and candidates for employment, contractors, national service members, volunteers, applicants and candidates for AmeriCorps national service programs, and visitors to AmeriCorps facilities, as necessary to ensure a safe and healthy work environment.

Information will be collected, maintained, and disclosed in accordance with applicable law, regulations, and statutes, including, but not limited to, the Rehabilitation Act, the Genetic Information Nondiscrimination Act, the Executive Order 14043, and regulations and guidance published by the U.S. Occupational Safety and Health Administration, the U.S. Equal Employment Opportunity Commission, and the U.S. Centers for Disease Control and Prevention, the Office of Management and Budget, Safer Federal Workforce Taskforce, or other relevant entities. A report of this system of records has been sent to Congress and the Office of Management and Budget.

II. Privacy Act

The Privacy Act of 1974, as amended, embodies fair information practice principles in a statutory framework governing how Federal agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to records about individuals that are maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act defines an individual as a United States citizen or lawful permanent resident. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of AmeriCorps by complying with Privacy Act regulations at 43 CFR part 2, subpart K, and following the procedures outlined in the Records Access, Contesting Record, and

Notification Procedures sections of this notice.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the existence and character of each system of records that the agency maintains, and the routine uses of each system. The “Personal Health and Religious Information” system of records notice is published in its entirety below. In accordance with 5 U.S.C. 552a(r), AmeriCorps has provided a report of this system of records to the Office of Management and Budget and to Congress.
