Title: Rules for Patent Maintenance Fees.

OMB Control Number: 0651–0016.

Needs and Uses: Under 35 U.S.C. 41 and 37 CFR 1.20(e)–(h), 1.362, 1.363, 1.366, 1.377, and 1.378, the USPTO charges fees for maintaining in force all patents based on applications filed on or after December 12, 1980, except for plant and design patents. Furthermore, maintenance fees are required for a reissue patent unless the patent being reissued did not require maintenance fees. Payment of these maintenance fees is due at 3½, 7½, and 11½ years after the date the patent was granted. See section 2504 of the Manual of Patent Examining Procedure (MPEP) (9th Edition, Rev. 07.2022, February 2023) for more information.

If the USPTO does not receive payment of the appropriate maintenance fee and any applicable surcharge within a grace period of six months following each of the above due dates (at 4, 8, or 12 years after the date of grant), the patent will expire at that time. After a patent expires, it is no longer enforceable. Payments of maintenance fees that are submitted during the 6-month grace period before patent expiration must include the appropriate surcharge as indicated by 37 CFR 1.20(h). Submissions of maintenance fee payments and surcharges must include the relevant patent number and the corresponding United States application number in order to identify the correct patent and ensure proper crediting of the fee being paid. See MPEP 2506, 2510, and 2515 for more information.

If the USPTO refuses to accept and record a maintenance fee payment that was submitted prior to the expiration of a patent, the patentee may petition the Director to accept and record the maintenance fee under 37 CFR 1.377. This petition must be accompanied by the fee indicated in 37 CFR 1.17(g), which may be refunded if it is determined that the refusal to accept the maintenance fee was due to an error by the USPTO.

If a patent has expired due to nonpayment of a maintenance fee, the patentee may petition the Director to accept a delayed payment of the maintenance fee under 37 CFR 1.378(b). The Director may accept the payment of a maintenance fee after the expiration of the patent if the petitioner shows to the satisfaction of the Director that the delay in payment was unintentional. Petitions to accept unintentionally delayed

payment must also be accompanied by the required maintenance fee and the petition fee as set forth in 37 CFR 1.17(m). If the Director accepts the maintenance fee payment upon petition, then the patent is reinstated. If the USPTO denies a petition to accept delayed payment of a maintenance fee in an expired patent, the patentee may petition the Director to reconsider that decision under 37 CFR 1.378(d).

This information collection covers maintenance fee petition information, including the electronic interface and form provided by the USPTO to assist the public with maintenance fee petitions. To pay a maintenance fee after patent expiration, the maintenance fee payment and the petition fee, as set forth in 37 CFR 1.17(m), must be filed together with a petition to accept an unintentionally delayed payment of the maintenance fee in an expired patent under 37 CFR 1.378(b). The USPTO offers two different versions of the form for petitions to accept unintentionally delayed payments of maintenance fees: a web-based ePetition and form PTO/SB/66 (a fillable PDF). The USPTO recommends the use of the web-based ePetition. The USPTO does not offer forms for the petitions to review the refusal to accept the payment of a maintenance fee prior to the expiration of the patent under 37 CFR 1.377 or the petitions for the reconsideration of decisions on petitions refusing to accept the delayed payment of a maintenance fee in an expired patent under 37 CFR 1.378(d).

The fee address indication form (PTO/AIA/47 and PTO/SB/47) available at www.uspto.gov/patents/apply/forms was previously associated with this information collection. This form permits applicants, patentees, assignees, or their representatives of record to specify a “fee address” for correspondence related to maintenance fees that is separate from the correspondence address associated with a patent or application. This item is considered by OMB to be exempt from the PRA and therefore, though this item remains available, it is no longer included in this information collection.

Title of Collection: Employers of National Service Enrollment Form and Survey.

OMB Control Number: 3045-0175.

Type of Review: Renewal.
Respondents/Affected Public: Businesses and organizations.
Total Estimated Number of Annual Responses: 1,180.
Total Estimated Number of Annual Burden Hours: 492.

Abstract: AmeriCorps is seeking to renew its Employers of National Service Enrollment Form and Survey. Organizations from all sectors either seeking to become, or already established as, Employers of National Service will be filling out these forms. This includes businesses, nonprofits, institutions of higher education, school districts, state and local governments, and Federal agencies. The purpose of the enrollment form is to document what the organization is committing to doing as an Employer of National Service and provide its contact information to AmeriCorps. The information gathered on the enrollment form will also allow AmeriCorps to display the organization’s information accurately online, as a resource for job seekers. It will also enable AmeriCorps to speak to the diversity within the program’s membership, both for internal planning and external audience use. The purpose of the survey form is to track the actions an employer has taken in the past year, gather stories of success or impact, collect quantitative hiring data relating to AmeriCorps and Peace Corps alumni, and provide organizations with an opportunity to update their contact and location data. AmeriCorps also seeks to continue using the currently approved information collection until the new information collection is approved by OMB. The currently approved information collection is due to expire on September 30, 2024.

Rhonda Taylor,

Director, Partnerships and Program Engagement.
