Primary Focus Areas and Funding Priorities

Primary Focus Area and Funding Priorities

- The Foster Grandparent Program focuses on **Education**.
- Priority consideration* will be given to:
 - Programs focused on early learning and those that prepare AmeriCorps Seniors volunteers to enter early learning careers.
 - Efforts to help local communities continue to recover from the COVID-19 Pandemic through focused education efforts to address learning loss.

AmeriCorps [Funding Opportunities](#) website.

*To receive priority consideration, applicants must show that the priority area is a **significant** part of the program focus and intended outcomes and must include a high-quality program design.

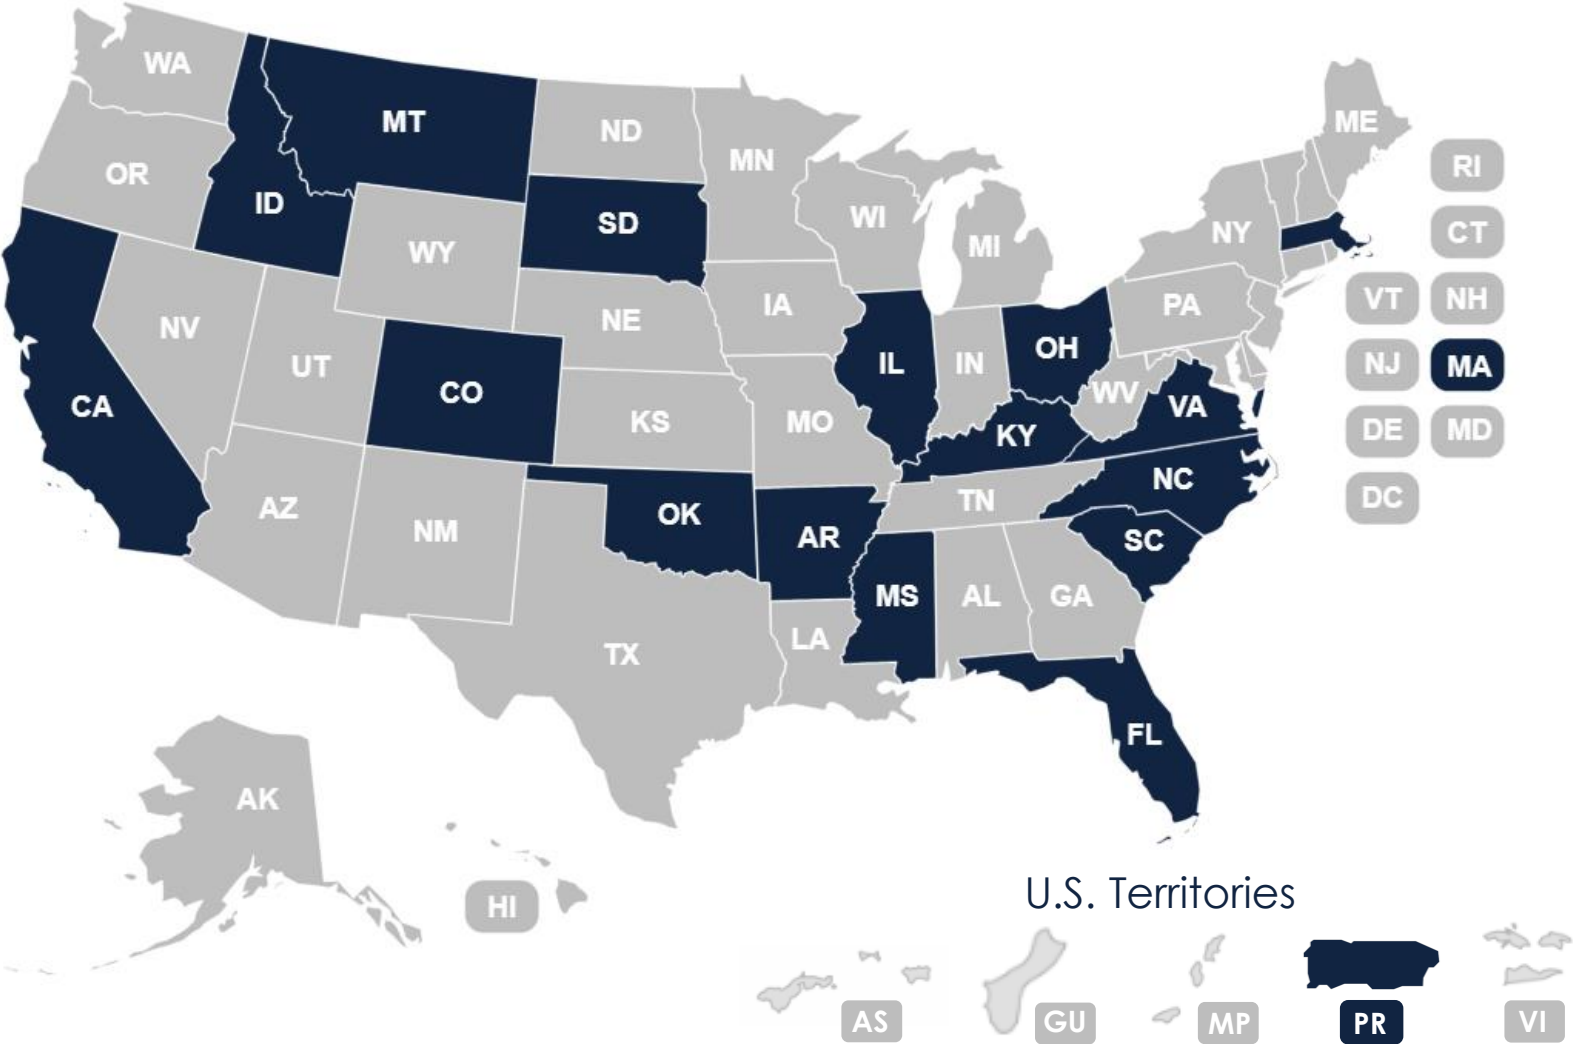

Funding Priorities

Primary Focus Areas and Funding Priorities

- Organizations leading service in communities with **concentrated poverty**, **rural communities**, **tribal communities**, and those organizations **serving historically underrepresented and underserved individuals**, including but not limited to communities of color, immigrants and refugees, people with disabilities, people who identify as part of the LGBTQIA+ community, and religious minorities.
- Projects that propose to serve states listed in **Appendix A: Priority States and Territories**.
- Organizations that serve people with **arrest and conviction records** and provide **meaningful reentry opportunities**.
- Programs that support **civic bridgebuilding projects** (meaning projects that foster respect among diverse communities, strengthen relationships across lines of difference, forge a sense of common civic purpose, and seek to solve a community program and diminish polarization) and provide training in civic bridgebuilding skills and techniques to AmeriCorps Seniors volunteers.

Appendix A: Priority States and Territories

Primary Focus Areas and Funding Priorities

*Applicants are not limited to this list of states and territories to apply for, but AmeriCorps Seniors is prioritizing projects that designate counties in these states and territories due to relinquishments.

*Applicants can apply for one or more counties.

General Questions

General Questions

How do I know if our agency should apply?

We cannot tell anyone whether they should or should not apply. But we can provide some suggested ways to assess if you should:

- Do you meet the eligibility requirements in section C.1. Eligibility of the Notice of Funding Opportunity?
- Can you demonstrate Education support is needed in your community, and your agency has the capacity to meet this need?
- Does data show that there are older adults (aged 55+) in your community that are capable and interested in service?

General Questions

If the geographic area I wish to serve is not listed in Appendix A Priority States and Territories; can I apply for that service area?

Yes. Applicants are not limited to apply to serve areas in this list of states and territories, but AmeriCorps Seniors is prioritizing projects that designate geographic service areas operating in these states and territories due to relinquishments.

Geographic Service Area reminders:

- Grant applicants must propose to serve one or more geographic service areas.
- There is no maximum number of counties that applicants may propose to serve.
- All counties that an applicant proposes to serve can be included in one application

General Questions

Geographic Service Area Examples:

Geographic Area Served	How to List on Application
<ul style="list-style-type: none"> • One Entire County 	<ul style="list-style-type: none"> • ABC County
<ul style="list-style-type: none"> • Multiple Entire Counties 	<ul style="list-style-type: none"> • ABC County, MNO County, and XYZ County
<ul style="list-style-type: none"> • 5 or fewer cities or towns, but not the entire county 	<ul style="list-style-type: none"> • ABC County (City 1, City 2, City 3)
<ul style="list-style-type: none"> • More than 5 cities or towns, but not the entire county 	<ul style="list-style-type: none"> • ABC County (North Central ABC, Eastern ABC)
<ul style="list-style-type: none"> • Large metropolitan area 	<ul style="list-style-type: none"> • ABC County (ABC Metro area)

General Questions

Can two or more organizations jointly apply for one grant?

No. One organization must be identified as the sponsor organization. Other organizations can become volunteer stations but would not be considered the grantee. AmeriCorps Seniors does not allow sub-awards.

General Questions

If there is already an AmeriCorps Seniors program in my geographic service area, may I apply to this funding opportunity?

Yes, more than one AmeriCorps Seniors program can be in the same geographic service area if there is no duplication of services.

For example, an AmeriCorps Seniors RSVP and Foster Grandparent program can be in the same service area if they are not both doing the same performance measures and using the same stations. Two AmeriCorps Seniors Foster Grandparent programs can be in the same geographic service area if there is no volunteer and station overlap between the projects.

General Questions

Would an organization that does not use volunteers or provide direct service be eligible to apply? Could a statewide association partner with another organization in applying to this program?

Proposed projects must plan to use volunteers to achieve project goals. Volunteers can be stationed with partner organizations, established with formal Memorandums of Understandings.

This grant opportunity does not allow for subgrantees.

General Questions

What age groups can our AmeriCorps Seniors Foster Grandparent Program volunteers serve?

Per [Section 2552.81](#) of the Code of Federal Regulations, AmeriCorps Seniors Foster Grandparents Program volunteers serve only children and youth with special and exceptional needs, or in circumstances that limit their academic, social, or emotional development, who are less than 21 years of age.

Reminder, AmeriCorps Seniors volunteers must **develop and sustain** a one-on-one relationship.

General Questions

How does my organization determine how much federal funding we should apply for?

Applicants can request as much funding as needed to support a successful program. There are two things to consider: number of Volunteer Service Years (VSY) and amount of match.

- For every \$9,000 in federal funding, you must budget for and place **one volunteer service year** in an outcome-based work plan in the **Education focus area**.
- Applicants are required to match funds equal to **10 percent** of the total requested one-year program budget. This can be either in-kind or cash match.

General Questions

How does my organization determine how much federal funding we should apply for? (*continued*)

For example, if you think you can recruit 23 volunteers to serve 20 VSYPs (or 20,880 hours of service) in outcome-based work plans in the **Education** focus area, you can request \$180,000 in federal funding. Your grantee share is \$20,000, and your total project budget is \$200,000.

VSYP * \$9,000 = Federal
Funding

$20 * \$9,000 = \$180,000$

Determine Total Project
Budget

$(\text{Federal Share}/0.90) =$
Total Project Budget
 $(\$180,000/0.90) = \$200,000$

Calculate Grantee Share

Total Project Budget * 0.10 =
Grantee Share
 $\$200,000 * 0.10 = \$20,000$

[Appendix E: Cost per Volunteer Calculator](#) can be used to determine a minimum number of VSYPs for a funding request.

General Questions

Our organization is currently a grantee and are operating within a temporary geographic service area. Do we need to apply to this opportunity?

Yes. If your organization was granted permission by AmeriCorps to operate within a geographic service area that was not a part of your original project, the new geographic service area needs to be applied for during this opportunity. The application will only be for the new service area and will not have an impact on your current grant. If the application is successful, the original project can be amended to merge both into a single grant.

Without a successful grant application, organizations will not be allowed to operate in temporary geographic service areas beyond June 2024.

General Questions

Our organization is currently a temporary sponsor of a relinquished project. Do we need to apply to this opportunity?

Yes. If your organization was granted permission by AmeriCorps to operate as a temporary sponsor for a relinquished project, to maintain services as an AmeriCorps grantee, the organization must apply for this opportunity

Without a successful grant application, organizations will not be allowed to operate in temporary geographic service areas beyond June 2024.

General Questions

Do we need to have a full-time Project Director budgeted in our application?

For new applicants, **yes**. Section [2552.25\(c\)](#) of the Code of Federal Regulations states that projects should employ a full-time project director to accomplish project objectives and manage the functions and activities delegated to project staff for Foster Grandparent projects(s) within its control.

For current AmeriCorps Seniors Foster Grandparent Program grantees applying to permanently add a geographic service area, **no**. They don't need to budget for a full-time director, as their current grant has the full-time director already.

General Questions

If I am applying for the geographic service area to be permanently added, do we need to apply for funding if we do not need it?

No. Applicants can propose the funding level needed to meet the needs of a successful project in the geographic area. There may be cases where programs are already operating and are requesting to add the geographic service area. If awarded, current grantees may choose to merge the new award into current grants. These cases may not need funds and will apply with a zero budget.

If you are requesting zero dollars in funding, ensure you clearly communicate and describe how staffing, volunteers, and programmatic needs will be met in section E.1.d.i. Cost-Effectiveness and Budget Adequacy -enter your response in Other section of eGrants.

Performance Measures and Work Plans Questions

Performance Measures and Work Plans Questions

How many hours a week do AmeriCorps Seniors volunteers need to serve?

Stipended volunteers must serve at least 260 hours per year, or a minimum of 5 hours per week. This includes all stipended hours, such as time spent with clients, training and orientation, recognition events, etc.

Volunteers cannot exceed 2,880 hours per year.

Can AmeriCorps Seniors Volunteers Serve in More than One Work Plan?

Yes, they can. However, be sure to count volunteer service hours only once. Each hour will be counted in the work plan that aligns with the service they will be doing. You will also include them in the “total volunteer” field in eGrants for each work plan that includes their hours of service.

Can a volunteer station be included in more than one work plan if there is more than one service activity occurring at the station?

Yes. Each work plan is developed based on the service activities selected for an output/outcome pair, not based on one particular volunteer station. One volunteer station may have many service activities occurring there and so may appear in more than one work plan.

If a beneficiary receives interventions under more than one service activity, how do you determine which work plan to count them in?

Beneficiaries can only be counted in one work plan. You may base it on the work plan under which they receive the most services, either in terms of hours or intensity or services, or on another method that works for your program.

Performance Measures and Work Plans Questions

I cannot complete the validate function for the performance measures. When I go to validate, it says that you must have a performance measure for all objectives. What am I doing wrong?

It is likely that you have checked an objective on the first Performance Measure screen and have not entered a work plan for that objective. Contact the National Service Hotline at 1-800- 942-2677 or via [webform](#) if further assistance is needed.

How frequently will I report on performance measures? How much time per month does it involve?

Recipients are required to submit a full progress report annually on your progress toward your targets. Additionally, you will report on outputs semi-annually. The time varies per grantee based on their internal recordkeeping. On average, AmeriCorps Seniors expects a burden of about 4 hours per report.

As stated in the Notice of Funding Opportunity (Section F.4. Reporting), recipients are required to provide:

- Annual progress reports
- Semi-annual financial reports
- Final financial reports that are cumulative over the entire award period and consistent with the closeout requirements. The final reports are due 120 days after the end of the period of performance.

All reports must be submitted through eGrants, AmeriCorps web-based grants management system.
