Embark on adventure this summer

Introducing the Summer of Service, a short-term, environmental focus experience with AmeriCorps NCCC

Make your summer count and kickstart your career in environmental impact.

Deploy to Aurora, Colorado, for training and serve full-time for 2 months.

Serve as an AmeriCorps member (ages 18-26) alongside a team of 8-12.

Complete a hands-on project focused on environmental stewardship and/or climate change mitigation.

Have your basic expenses covered, including travel, during service. Receive a post-service financial benefit.
