

## National Service in Colorado

### MEETING COMMUNITY NEEDS IN COLORADO

More than 10,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Colorado. Serving at more than 1,000 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$31,190,000 to support Colorado communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$13,460,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

**AmeriCorps:** This year AmeriCorps will provide more than 3,500 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Colorado. Most AmeriCorps grant funding goes to the Serve Colorado Governor's Commission on Community Service, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 29,000 Colorado residents have served more than 25 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$59,520,000.

**Senior Corps:** More than 6,400 seniors in Colorado contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 2,300 young people who have special needs. Senior Companions help more than 1,000 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 500 groups across Colorado.

**Social Innovation Fund:** The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Colorado, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$1,180,000 in expanding the impact of 9 nonprofits in Colorado, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Colorado. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- Colorado is home to the Southwest Region campus of AmeriCorps NCCC, located in Denver. Members based at this campus perform service projects throughout Colorado and AR, AZ, KS, MO, NM, OK, and TX.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 29,000 Colorado residents have served more than 25 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$59,520,000.

# National Service Impact in Colorado

## AmeriCorps

Colorado Reading Corps (CRC) is a program of Denver's Mile High United Way's School Readiness Initiative. It aims to increase the human capacity of elementary schools and give K-third grade students access to additional reading support through one-on-one research-based tutoring interventions. In its first year, CRC enrolled 20 AmeriCorps members to serve 472 students in 12 Jefferson County schools, and has now expanded to 50 members serving in 26 schools across three school districts (Jefferson, Adams 12, and Aurora). As a result of the program, 82 percent of K-3rd grade students who graduated the program were reading at or exceeding their grade level expectations, despite being at risk of failure before starting the program, and 77 percent of the 3rd graders who graduated from CRC scored proficiently on the 2013 Transitional Colorado Achievement Program (TCAP), Colorado's statewide reading assessment.

## AmeriCorps NCCC

The Center Consolidated School district seeks to develop independent, self-directed, self-motivated, experiential learners armed with the skills necessary to meet future challenges. The Center Community is one of low socioeconomic status with 91 percent of students on free and reduced lunch. AmeriCorps NCCC (National Civilian Community Corps) teams worked directly with students in classrooms and afterschool programming. The impact of AmeriCorps NCCC and AmeriCorps VISTA has led to positive results: the 3rd grade literacy rate increased 78 percent proficiency in reading; the drop-out rate has been reduced by 50 percent; and an after-school art club and bully prevention program has been developed.

## AmeriCorps VISTA

Over the past year, AmeriCorps VISTA members serving with the United Way of Weld County recruited 172 volunteers who completed 14,654 hours of volunteer service. VISTA members raised \$323,243 in cash resources and \$50,683 of in-kind donations, which included developing 54 fundraising events and submitting 64 grant applications. VISTA members developed 55 new programs, including classes, activities, and educational and awareness programs. Additionally, VISTA members created 226 marketing materials and formed more than 300 collaborative relationships between their agencies and community organizations.

## Senior Corps

St. Mary's Foster Grandparent program in Grand Junction utilizes Foster Grandparents to improve reading scores for teacher identified students. During the fall of 2012 and the spring of 2013, 30 Foster Grandparents worked with 1,191 students throughout the school district. Students are paired with a Foster Grandparent volunteer to improve their literacy skills. During this period, students in grades Kindergarten through 1st grade showed a 2 percent higher rate of early literacy growth compared to students not paired with a Foster Grandparent. Students in grades 1st through 5th who were paired with a Foster Grandparent showed a 3 percent higher reading growth than their peers.

## Social Innovation Fund

With their Social Innovation Fund grant of \$1.8 million per year and their dollar-for-dollar matching funds, Mile High United Way (MHUW) supports 10 subgrantee programs across the state of Colorado that leverage community volunteers to collectively address 3rd grade literacy rates in rural and urban areas. MHUW coordinates early childhood education programs and service providers around a shared vision of early literacy proficiency and standardized sets of outcomes, mobilizes volunteers in organizations using evidence-based programs to improve early literacy proficiency rates, and aims to demonstrate increases in third grade reading proficiency levels with strong of evidence.
