National Service in Maryland

MEETING COMMUNITY NEEDS IN MARYLAND

More than 7,300 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Maryland. Serving at more than 920 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

 This year, the Corporation for National and Community Service (CNCS) will commit more than $22,690,000 to support Maryland communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional $8,660,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 2,100 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Maryland. Most AmeriCorps grant funding goes to the Maryland Governor's Office on Service and Volunteerism, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 21,000 Maryland residents have served more than 28 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than $62,210,000.

Senior Corps: More than 5,100 seniors in Maryland contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 2,900 young people who have special needs. Senior Companions help more than 320 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 340 groups across Maryland.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Maryland, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing $240,000 in expanding the impact of 1 nonprofit in Maryland.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT	$31,362,854

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

1   This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.

2   This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Maryland. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.

3   AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.

4   Maryland is home to the Atlantic Region campus of AmeriCorps NCCC, located in Perry Point. Members based at this campus perform service projects throughout Maryland and CT, DC, DE, MA, ME, NH, NJ, NY, PA, PR, RI, USVI, and VT. The Maryland Campus funding includes $2.9 millions for Perry Point campus and $1.2 millions for Baltimore campus.

5   The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.

6   As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 21,000 Maryland residents have served more than 28 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than $62,210,000.

AmeriCorps

Volunteer Maryland develops volunteer programs with nonprofit organizations, government agencies, and schools. In the past 20 years, AmeriCorps members have mobilized 102,000 community volunteers who served 1.5 million hours valued at $27 million. Each year, 32 AmeriCorps members serve statewide, generating volunteers and putting volunteer management practices in place to maintain the volunteer services after the AmeriCorps term of service. Over the last 10 years, 90 percent of sites reported an increased ability to manage volunteers as a result of the member's service. In surveys with sites from the last 10 years, 90 percent note that they sustained or improved their ability to recruit and manage volunteers. Volunteer Maryland also impacts the AmeriCorps members by reinforcing a lasting service ethic. In annual surveys, 85-90 percent of program alumni report that they continue to be actively engaged in service.

AmeriCorps NCCC

Project Crossroad is a nonprofit organization designed to promote education, provide encouragement, and help youth reach their full potential through a variety of programs. Since September 2010, Project Crossroad has successfully operated four programs for at-risk youth in Cecil County. AmeriCorps NCCC members supported Activate, a Project Crossroads summer program that provides a continuation of education during the summer months and offers structured physical activity for Cecil County students. Through the additional instruction and support provided by the AmeriCorps NCCC members, 960 hours of tutoring were completed and program enrollment was doubled to include four schools in Cecil County.

AmeriCorps VISTA

Carroll Community College realized that hunger and food availability created a barrier to retention and graduation for its low-income students. In response, Maryland/DC Campus Compact AmeriCorps VISTAs helped to create the Carroll Food Locker. The Food Locker for faculty, staff and students, offers a grocery assistance program, one hot meal per week, and a workshop series. More than 305 bags have been distributed (a $8,000 cash value). The Food Locker received almost 7,000 pounds of food donations including 1,400 pounds from a Thanksgiving Food Drive. Twenty two turkeys were donated from the Foundation Board and Random House Publishing. During the fall semester, a workshop series provided 15 students with information on Carroll County resources, financial aid, and financial literacy. Twenty-nine of the 33 student clients enrolled in the program have been able to continue their CCC education.

Senior Corps

From October 2012 to September 2013, 39 Harford/Cecil County RSVP volunteers served 2,317 hours with the Home Delivered Meal (HDM) Program in Cecil County, Maryland. The HDM Program provides two meals, three days per week to homebound individuals (ages 60+ and Medicaid Waiver clients). During this time, 15,026 meals (including 415 non-perishable items for holiday/inclement weather closings) were delivered to 115 clients to ensure access to proper nutrition, improved health, and independence. Additionally, RSVP volunteers distributed quarterly nutrition newsletters to all HDM clients. During the reporting period, there were two instances when HDM/RSVP volunteers alerted Senior Services and Community Transit staff about a client who might need medical attention. These were not emergencies but could have escalated to something serious if the volunteers did not report their concerns.

Social Innovation Fund

Baltimore Workforce Funders Collaborative/Association of Baltimore Area Grantmakers was awarded an initial grant of $600,000 over two years by Social Innovation Fund (SIF) intermediary Jobs for the Future, which they will match dollar-for-dollar. The SIF investment will allow the Baltimore Workforce Funders Collaborative to increase investment in workforce partnerships that focus on biotechnology, construction, and healthcare in the Greater Baltimore region. These partnerships emphasize the training and placement of low-income city residents, strong relationships with employers to determine industry needs, and bridge programs that offer literacy training so applicants meet program entry requirements. Each partnership has a strong track record of moving low-wage and low-skilled workers into career track jobs with family-sustaining wages. During a two-year span, the collaborative plans to serve 525 job seekers, placing 368 in jobs and 297 incumbent workers with 150 receiving wage increases.

Volunteer Generation Fund

As a Volunteer Generation Fund grantee of the Maryland Governor's Commission on Service and Volunteerism, Business Volunteers developed "Service Ambassadors" with three goals: create improvements in the Baltimore region by connecting individuals and nonprofits to programs and services, spur volunteer participation and leadership, and develop an engaged volunteer corps that boosts nonprofit capacity. Over the past three years, Business Volunteers delivered training, mentoring, and support that equips volunteers with tools to maximize their impact. In addition to engaging 242 Service Ambassadors, Business Volunteers leveraged 2,256 new volunteers in 228 volunteer opportunities and developed 620 partnerships with organizations. Business Volunteers also coordinated 465 team volunteer projects and helped more than 100 nonprofits improve their facilities, clean green spaces and waterways, and deliver services to the community.
