

National Service in Oregon

MEETING COMMUNITY NEEDS IN OREGON

More than 7,300 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Oregon. Serving at more than 950 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$13,780,000 to support Oregon communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$6,170,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 1,200 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Oregon. Most AmeriCorps grant funding goes to the Oregon Volunteers!, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 15,000 Oregon residents have served more than 20 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$46,060,000.

Senior Corps: More than 6,000 seniors in Oregon contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 1,900 young people who have special needs. Senior Companions help more than 1,100 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 420 groups across Oregon.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Oregon, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$1,120,000 in expanding the impact of 1 nonprofit in Oregon.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

- Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.
- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
 - This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Oregon. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
 - AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
 - Oregon is served by the AmeriCorps NCCC campus located in McClellan, California. In the past year, AmeriCorps NCCC teams have served on projects in Sandy, Cave Junction, Grants Pass, Corvallis, Williams, Portland, Coos Bay, Stayton, Elkton, Buxton, Bandon.
 - The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
 - As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 15,000 Oregon residents have served more than 20 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$46,060,000.

National Service Impact in Oregon

AmeriCorps

Partnerships for Student Achievement places AmeriCorps members at schools in Washington County. Members provide tutoring and supplemental education services to elementary and high school students who face challenges such as limited English proficiency, special needs, and lack of engagement in school. In 2013, 20 full-time AmeriCorps members engaged more than 800 elementary school students in a research-based tutoring program and improved academic performance for 75 percent of the children they served. They tutored 1,080 high school students and increased the academic achievement for 97.6 percent of those students. AmeriCorps members also created and led afterschool programming and engaged 785 volunteers in more than 5,800 hours of service to local school.

AmeriCorps NCCC

The Elkton Community Education Center provides multigenerational activities to promote the environment, education, culture, and social enterprise for a small rural community. AmeriCorps NCCC teams working with the center created community gardens that serve as sustainable and local fresh food sources, provide teaching tools for youth, and offer an outlet for local growers. AmeriCorps members also planted 2,582 vegetable plants and 32 herb plants into three different gardens. Additionally, the team cleared 1,400 pounds of weeds from eight acres of the Tree Park, removed weeds, and mulched 552 trees throughout the park and orchard.

AmeriCorps VISTA

The 13 member AmeriCorps VISTA project at Oregon Campus Compact enables colleges and universities to fight poverty through service, build lasting partnerships, and empowers students to be change agents. In North Portland's Roosevelt High School, 57 percent of students graduate on time, 11 percent behind the state average. University of Portland is less than two miles away and hosts a VISTA member who is serving to help close this achievement gap. The Writing Center serves as a campus hub which allows students to connect with their neighborhood. Keying in on this connection, the VISTA member designed a writing consultant program for college students to advise and mentor students in writing assignments, job applications, and essays. Twenty volunteer writing consultants were recruited and provided one-on-one writing consultations to 100 Roosevelt students, giving much-needed tools to succeed in high school and beyond.

Senior Corps

Clackamas County Social Services serves as sponsor to two Senior Corps projects in Oregon. Both RSVP and Senior Companion projects have identified hunger as a primary community need affecting community residents as well as the volunteers. Volunteers hesitate to take resources, so a unique approach was developed to increase access through opportunities to serve with food distribution and nutritional outreach stations. Numbers rose to 203 RSVP serving in these locations. For the 30 Senior Companions and their 150 clients, staff bring extra food boxes to in-service training and discuss food access, managing nutrition, and chronic diseases. They also co-sponsored the Senior Hunger Forum called, "Hidden In Plain Sight" to bring awareness to senior hunger issues.
