

National Service in Utah

MEETING COMMUNITY NEEDS IN UTAH

More than 7,400 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Utah. Serving at more than 740 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$12,240,000 to support Utah communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$6,090,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 1,300 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Utah. Most AmeriCorps grant funding goes to the Utah Commission on Service and Volunteerism, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 13,000 Utah residents have served more than 13 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$28,380,000.

Senior Corps: More than 6,000 seniors in Utah contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 9,400 young people who have special needs. Senior Companions help more than 1,300 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 350 groups across Utah.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Utah, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$100,000 in expanding the impact of 1 nonprofit in Utah.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

- Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.
- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
 - This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Utah. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
 - AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
 - Utah is served by the AmeriCorps NCCC campus located in McClellan, California. In the past year, AmeriCorps NCCC teams have served on projects in Salt Lake City.
 - The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
 - As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 13,000 Utah residents have served more than 13 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$28,380,000.

National Service Impact in Utah

AmeriCorps NCCC

The Utah Federation for Youth is a youth development and drug prevention program that utilizes education, community service, and outdoor recreation activities to carry out its mission. AmeriCorps NCCC teams have served with the organization's Wonderful Outdoor World (WOW) summer program, which offers opportunities for youth to build skills that make camping and other outdoor activities a successful life-long passion, and begins a connection between youth and their environment through education and service projects. AmeriCorps NCCC members served as camp counselors, cooked meals for the campers, facilitated camper registration, and planned and executed activities. AmeriCorps NCCC members supervised and facilitated eight overnight environmental education camps for 60 campers, ages 8-11 and created five camp programs.

AmeriCorps VISTA

The Center for the School of the Future (CSF) AmeriCorps VISTA project has four major focus areas related to building capacity for school improvement: community involvement, teacher development, partnership development, and development of sustainable systems and infrastructure to support school improvement. In 2013, 16 AmeriCorps VISTA members engaged the community by recruiting more than 1,000 community volunteers who served more than 5,700 hours in Utah schools; strengthened School Community Councils; developed train-the-trainer teacher development curricula and supported Professional Learning Communities in schools; assisted schools in assessment using data-driven school improvement measures including Indicators of School Quality; and developed resources and partnerships to implement tutoring, mentoring, behavior support, literacy, and high school graduation programs in schools across the state.

Senior Corps

Weber Human Services engages 93 Foster Grandparent volunteers in seven school districts in Weber, Morgan, Davis, Box Elder, and Cache Counties. In the Ogden District, 50 percent of third graders fall below the benchmarks in literacy and 73 percent qualify for free or reduced-price school lunch. During 2011-12, volunteers tutored 1,508 children at least three times a week, totaling 63,873 volunteer hours. Teachers reported 71 percent of the children who received tutoring improved their reading scores. Teachers also reported that 89 percent were more confident, shown by willingness to read aloud and eagerness to perform tasks. In recognition of the FGP tutors' results, the Ogden School District has asked to work with the project to develop a method to track the DIBELS (Dynamic Indicators of Basic Early Literacy Skills) pre and post test scores of children tutored by the FGP volunteers. DIBELS, a state standard, will provide better data for training and assigning tutors.

Social Innovation Fund

Mountainlands Community Housing Trust (MCHT) is a development organization that provides stewardship for shared-equity homes in Summit County. The organization received an initial subgrant of \$130,000 per year from Social Innovation Fund (SIF) intermediary NCB Capital Impact, which will be matched by MCHT dollar-for-dollar. With SIF support, MCHT anticipates adding 150-200 new ownership units to its portfolio over five years. MCHT has the relationships, regulatory framework, and organizational capacity to increase scale aggressively, increasing both the number of affordable units in Summit County and the stewardship of affordable homes.
