

## National Service in Iowa

### MEETING COMMUNITY NEEDS IN IOWA

More than 6,900 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Iowa. Serving at more than 990 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$19,500,000 to support Iowa communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$6,680,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

**AmeriCorps:** This year AmeriCorps will provide more than 1,000 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Iowa. Most AmeriCorps grant funding goes to the Volunteer Iowa, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 9,300 Iowa residents have served more than 12 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$29,730,000.

**Senior Corps:** More than 5,800 seniors in Iowa contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 4,500 young people who have special needs. Senior Companions help more than 1,100 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 510 groups across Iowa.

**Social Innovation Fund:** The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Iowa, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$100,000 in expanding the impact of 1 nonprofit in Iowa.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit [NationalService.gov](http://NationalService.gov) or [Serve.gov](http://Serve.gov) or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Iowa. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- Iowa is home to the North Central Region campus of AmeriCorps NCCC, located in Vinton. Members based at this campus perform service projects throughout Iowa and IL, IN, MI, MN, NE, ND, OH, SD, and WI.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 9,300 Iowa residents have served more than 12 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$29,730,000.

## AmeriCorps State

The Iowa Reading Corps AmeriCorps Program is a statewide initiative of United Ways of Iowa to help ensure that all Iowa students are on track to read at grade level by the end of third grade. The program places AmeriCorps members, trained as Elementary Literacy Tutors, at schools across Iowa to implement prescribed literacy interventions for students who are just below proficiency in reading. Each day, members meet individually with students to conduct 20-minute tutoring sessions that focus upon building students' literacy skills and follow a Response to Intervention model. With a goal of strengthening the connection between schools and communities, Iowa Reading Corps AmeriCorps members also partner with local United Ways to conduct summer programming and volunteer recruitment initiatives based upon local need.

Green Iowa AmeriCorps strives to actively improve energy conservation in Iowa communities. AmeriCorps members provide energy education, weatherization, and outreach services throughout Black Hawk, Linn, Winneshiek, Dubuque, Jefferson and Polk counties with hopes to reach communities across the state in the near future. This program engages Iowans of all ages through energy awareness activities, projects, presentations, and workshops. The members work in teams to implement a successful home weatherization program that significantly reduces air infiltration, and saves homeowners \$50-\$350 annually on utility bills. Additionally, the teams facilitate weatherization workshops that recruit and train volunteers in the techniques and benefits of home weatherization. While enrolled in Green Iowa AmeriCorps, members build a comprehensive energy knowledge base. Trainings incorporate presentations, on-site field trips, and hands-on skills development. Although members primarily work in teams, they also have the opportunity to act as leaders and plan independent projects. Green Iowa AmeriCorps members frequently cooperate with local partners to effectively serve as a community resource.

## AmeriCorps VISTA

Six AmeriCorps VISTAs are supporting the efforts of Outreach, Inc. to increase the impact of its meal-packaging events with the Outreach Hunger-Free Iowa Initiative. The effort strives to eliminate hunger in Iowa by providing local leadership teams the opportunity to collaborate around ending hunger in their community. VISTA members work with community stakeholders to engage more people in the fight against hunger by assessing hunger statistics, fostering community partnerships, and bringing awareness to the Hunger-Free Iowa events. These events include Hunger Dialogues (discussions about hunger in the community: causes, trends, and local solutions) and County-wide Resource Packaging Fairs (thousands of volunteers packaging meals that stay in their community). VISTA members are working toward scheduling Hunger-Free Iowa events in all of Iowa's 99 counties and will expand their efforts as two new VISTA members and a VISTA Leader join the Outreach VISTA team in November of 2014.

Formed in 2012, the Meskwaki Food Sovereignty Initiative is now in its third year of rebuilding the Meskwaki Nation's local food system. This initiative has succeeded in great part due to its enrollment in the AmeriCorps VISTA program. Four full time AmeriCorps VISTA positions were created in 2012 to build capacity and empower the community to solve issues related to health and the environment. VISTA members have supported the creation and maintenance of two community gardens that grow food for the Tribe's Senior Center and school cafeteria. More than 20 classes, workshops, and events are held throughout the year to educate and build the community's capacity to sustain itself. Educational topics include gardening, foraging, and preserving food. Events range from a food film festival to traditional community meals. A 40-acre organic produce farm was launched in 2013 as part of economic development programming. Community farm plots are also available and function as incubator space for market gardens. All Meskwaki Food Sovereignty Initiative programming is based upon community need and input in a way that celebrates Meskwaki culture and community.

## AmeriCorps NCCC

Greater Des Moines Habitat for Humanity (GDM Habitat) requested the help of an AmeriCorps NCCC team in building and renovating homes in the Des Moines area as well as support the AmeriCorps Build-a-Thon which was held the week of May 18. Approximately 150 AmeriCorps and VISTA members participated. Corps members performed a diverse set of tasks for the GDM Habitat. Members landscaped the yards of two homes, installed insulation in two single story homes, helped to shingle an entire roof, cut and lay down plywood on another roof, and painted two 2-story homes. Additionally, members built over 35 interior and exterior walls that will be used in future Habitat homes. Members also worked with Rock the Block during the Build-A-Thon event to paint an entire 2-story home, clear two alley ways, and plant 41 trees. Finally, members' power washed three homes and cleared one vacant lot. The work that NCCC did helped revitalize the neighborhood and made it a more livable and welcoming space to not only the people that live there, but the Greater Des Moines area as well.

The Mid America Museum of Aviation and Transportation requested an AmeriCorps NCCC team to help put together exhibits that will be two major focal points for the museum. The museum was established in 1989 to preserve Sioux City's rich aviation and transportation history. The NCCC team prepared exhibits for the museum, deep cleaned the interior of the museum, and gutted out the inside of a Boeing 727 airplane. Corps members gutted a Boeing 727 airplane so the space can be used as a multimedia education center for the museum. Furthermore, the team disassembled, cleaned, moved, and reassembled a 3994 square foot World War II exhibit within the museum. Additionally, team members prepped and painted a 629 square foot wall for the Flight 232 memorial display. Members of the team built three display cabinets for the Flight 232 exhibit. Corps members sanded a Beech 18 airplane in preparation for painting, and cleaned the interior of a Jetway Airplane. Finally, members deep cleaned the interior of the museum. Through this work the NCCC team helped the museum create a safer environment for patrons, upheld the mission of the museum and helped memorialize and educate patrons on the Flight 232 crash.

## Senior Corps Foster Grandparent Program

For a 75 year old retired bus driver and father of two, the decision to volunteer was an easy one. “I wanted to stay active and make a difference in the community,” says Don Brammer. Grandpa Don, as he is called at College View Elementary in Council Bluffs, IA, is a Foster Grandparent through the Senior Corps Programs sponsored by Connections, the Area Agency on Aging in Southwest Iowa. He has been with the program for three years, and is the agency’s mascot for “The Power of Aging” campaign of 2013. Grandpa Don volunteers 24 hours each week during the school year. He also volunteers during the summer at the Boys and Girls Club. “When my children were growing up, I missed a lot of time with them because I had a job that required travel, so this is kind of my way to give back.” He reads with the kids, helps them with homework, and provides mentoring to children in need of a grandfather /male role model. According to Principal Sue Rice, “Grandpa Don brings an emotional element to the kids. He has a lot of love and dedication for them, and they feel that.” Ms. Rice also says that the staff and parents love Grandpa Don. “He is somewhat of a celebrity here at the school.”

## Senior Corps RSVP

Through a growing partnership between the Iowa Department on Aging and CNCS, the Iowa State Office of Long-Term Care Ombudsman approached RSVP Directors about partnering in the new Volunteer Ombudsman Program. RSVP of North Central Iowa, with strong backing from its Advisory Council, eagerly agreed to support the need for resident advocacy. RSVP volunteers in the program are making unannounced visits to living facilities; observing and interacting with residents identifying concerns; aiding residents to resolve concerns; observing the general conditions of facility; referring complaints to the state office; conducting initial inquiries regarding complaints; monitoring progress on cases; providing general information to residents and families, and attending Resident and Family Council meetings.

## Senior Corps Senior Companion Program

Months after retiring from her job of 37 years, 68 year-old Mary found it difficult to get out of bed in the morning. “I just couldn’t find a reason to get up. I really had no purpose, and I was depressed.” Mary related she feels closest to her client, Doris, whose family and friends have all passed away. “Doris used to be a very social person just like me and then she could not drive, lost all her family, and felt completely alone.” “Each week I get her out of the house. We go to the grocery store. The little things make her so happy.” Mary related that the stipend money allows her to continue to live in her own home. “The stipend allows me to pay my taxes and make repairs that help keep my home up. “I don’t know what I’d do if I had to move somewhere else especially since so many places won’t allow my pets.” Joining the Senior Companion Program through Visiting Nurse Services in Des Moines, IA, replaced Mary’s symptoms of depression with a greater sense of purpose. Through her service to others, Mary receives boost in self-esteem and resources to continue living in her own home.

## Volunteer Generation Fund

The United Way of Wapello County Volunteer Center in Ottumwa, a Volunteer Generation Fund grantee, has mobilized more than 200 volunteers in 1,000 hours of service to address the issues of hunger and access to healthy food in their community. The organization hosts a corporate community garden whose plots are sponsored by corporations and community groups. The garden is also supported with skill based volunteer positions including Spanish language interpreters, Master Gardeners, and soil quality experts. Volunteers helped clear the lot, repair raised beds, till the soil, and plant the produce, and regularly mow, weed, pick produce and tend bee hives. Volunteers also constructed pallet benches for the garden and elevated beds for use at the YMCA, Salvation Army and other area nonprofits. The over 2,000 pounds of produce grown this year was donated to local food pantries and meal sites. Neighborhood-based community gardens have also been organized, and are rented out on an income-adjusted basis to local residents. Volunteers express satisfaction in getting outside and giving back, and community members benefit from healthy fresh produce.
