

## National Service in New Mexico

### MEETING COMMUNITY NEEDS IN NEW MEXICO

More than 5,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in New Mexico. Serving at more than 640 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$9,800,000 to support New Mexico communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$8,640,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

**AmeriCorps:** This year AmeriCorps will provide more than 720 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across New Mexico. Most AmeriCorps grant funding goes to the New Mexico Commission for Community Volunteerism, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 9,300 New Mexico residents have served more than 10 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$21,870,000.

**Senior Corps:** More than 4,200 seniors in New Mexico contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 500 young people who have special needs. Senior Companions help more than 480 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 240 groups across New Mexico.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit [NationalService.gov](http://NationalService.gov) or [Serve.gov](http://Serve.gov) or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in New Mexico. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- New Mexico is served by the AmeriCorps NCCC campus located in Denver, Colorado. In the past year, AmeriCorps NCCC teams have served on projects in Roswell, Truth Or Consequences, Fort Stanton, Farmington, Santa Fe.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 9,300 New Mexico residents have served more than 10 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$21,870,000.

## AmeriCorps State

Families & Youth, Inc. (FYI) provides critical services to underserved communities in Dona Ana County. Located in southern New Mexico, Dona Ana County is home to 37 of the state's 55 federally designated underdeveloped communities, also referred to as "colonias". According to the U.S. Department of Housing and Urban Development, 97 percent of colonias residents are Hispanic, with an average annual income of \$5,000. Many of these communities are also without safe, sanitary, and affordable housing or drinkable water, sewer, and/or drainage systems. FYI has operated an AmeriCorps program for 18 years and has served more than 7,000 youth throughout Dona Ana County. This year, in collaboration with Las Cruces Public Schools' Turnaround Initiative, 30 AmeriCorps members are operating programs aligned with a comprehensive school turnaround plan to enhance student learning experience and obtain the skills necessary to meet their goals. AmeriCorps members will be responsible for improved academic performance, academic engagement, and attendance outcomes.

## AmeriCorps National

New Mexico's response to the HIV epidemic is challenged by the rural nature of the state and limited HIV-specific resources. To help address the HIV in their communities, 10 full time AIDS United AmeriCorps members provide direct services including HIV testing and counseling, health care access, prevention outreach, prevention education, and emotional and social services to at-risk populations in Albuquerque and Santa Fe. Since 2007, AIDS United AmeriCorps Members have informed more than 3,000 individuals of their HIV status through HIV rapid testing and counseled them on their risk behaviors. Additionally, AmeriCorps members have reached almost 30,000 individuals through community outreach and education, providing information about HIV/AIDS risk reduction, community resources, and how to access medical care. Members have also mobilized more than 1,300 volunteers in New Mexico.

## AmeriCorps VISTA

Boys and Girls Clubs In Indian Country VISTA members provide tangible impact by creating targeted cultural programs for Native youth. AmeriCorps VISTA members with the Wiyot Tribe and at the Passamaquoddy Boys & Girls Club implemented language learning programs, while a VISTA member at the Boys & Girls Club of Brookings was awarded a key grant to help open a new facility for the Club's Native Unit. This new Clubhouse will allow teens to be offered additional mentoring programs for the first time. Two VISTA members serving Boys and Girls Club's Native Service Unit researched the tribal nations affiliated with all Native Clubs, creating a resource for staff to consult when visiting tribal lands. VISTAs report that service gave them the opportunity "to educate throughout the Boys and Girls Clubs the diverse beauty of Native lands" and "to bring culture back to a place that has lost it," and it was "the best kind of work that I can ever imagine doing."

Southwest Youth Services is a successful AmeriCorps VISTA project sponsor that partners with Native American communities across the state to create education, health and nutrition, and leadership and life skills programs. In partnership with AmeriCorps VISTA and AmeriCorps, Southwest Youth Services manages the Native Youth Wellness Corps Project, which focuses on social, youth, and economic development with Native communities in New Mexico. Julian Sandia, a VISTA serving with the Jemez Department of Education, created an afterschool language program that incorporates local culture, tradition, and the Towa language for young children. Sandia also pursues grants to support language preservation.

## AmeriCorps NCCC

An AmeriCorps NCCC team spent their last round working in Roswell and Lake Arthur, New Mexico with Embrace Inc., a non-profit organization helping improve food security and promoting healthy lifestyles for low income families in southeastern New Mexico's Chaves County. In collaboration with Enchanted Farm and Lake Arthur Municipal Schools, Embrace Inc. enlisted the help of NCCC to address the rapid growth of food insecurity within the region. At Enchanted Farm, Corps members maintained garden plots, designed a hydroponic model that will be used in the future, and planted a variety of crops that will eventually feed over 100 families in the community. Additionally, the team worked with Lake Arthur Municipal Schools to help restore an old school house into a museum, by painting and clearing the interior of the school, as well as built a greenhouse. The work completed by Corps members will benefit all in the community by providing food for individuals and families in need and creating awareness of the issues of poverty and food insecurity.

An AmeriCorps NCCC team partnered with the Boys and Girls Club of Farmington, NM to provide tutoring and mentoring to at-risk youth. The Boys and Girls Club is a youth development organization with more than 50 years of experience developing programming geared toward the physical, mental, social, cultural and educational well-being of the youth it serves. There, the Corps members tutored students, watched over children, and implemented 5 educational programs to over 1,850 kids. Additionally, the team provided 732 hours of support to three local organizations. At the ECHO Food Bank, Corps members packed over 500 bags of food for low income families. At the Salvation Army, the team helped to organize over 20 boxes of clothing and painted a portion of their chapel. Finally at New Beginnings, members removed debris and cleared a pathway to the community garden. The NCCC team's efforts have strengthened the reputation of the Boys and Girls Club of Farmington as a safe, fun place for their children to stay and to grow as leaders. The work completed at the ECHO Food Bank, Salvation Army, and New Beginnings created efficiencies for those organizations, increasing their impact in the community.

## Senior Corps Foster Grandparent Program

The Grant County Foster Grandparents are providing one-on-one attention to 26 students throughout Grant County. The schools that are serving as volunteer stations include Mesa View Elementary; San Rafael Elementary; Mt. Taylor Elementary; Milan Elementary; and Los Alamos Mid School. Foster Grandparents are assisting students with reading skills. Teachers have identified students at the beginning of the school year that are in need of assistance with reading. Foster Grandparents work one-on-one with the students to help them increase their vocabulary, reading proficiency, and increase word identification. This is measured by the Program Assignment Plan which is completed by the teacher at the beginning of the school year, at midyear, and at the end of the school year.

## Senior Corps RSVP

Chaves County RSVP is committed to increasing food security in the community. More than 59 percent of families and children in Chaves County are dependent on meals from public sources and 10 percent are missing meals on a daily basis. Chaves County RSVP has 37 volunteers who work as a team at the Good Samaritan food pantry to distribute food to individuals and families in need. In the past six months, RSVP volunteers have distributed food packages to 1,118 individuals.

## Senior Corps Senior Companion Program

Twenty-three Senior Companion Volunteers serve through the Community Services Center Senior Companion Program in the Portales area. The Senior Companion volunteers are very dedicated to their clients. Last year they served more than 18,000 hours. Senior Companion are alleviating loneliness and isolation and helping keep seniors living as independently as possible for as long as possible. The community Services Center also provides Senior Companion volunteers with valuable training throughout their service. Volunteers then give information learned in trainings to their clients, empowering community members to collaborate in reducing community problems.
