

National Service in Kentucky

MEETING COMMUNITY NEEDS IN KENTUCKY

More than 5,900 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Kentucky. Serving at more than 940 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$19,950,000 to support Kentucky communities through national service and social innovation initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$13,270,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars. Nationwide, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources in FY 2015.

AmeriCorps: This year AmeriCorps will provide more than 1,200 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Kentucky. Most AmeriCorps grant funding goes to the Kentucky Commission on Community Volunteerism and Service, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight hunger and illiteracy, improve health services, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 11,000 Kentucky residents have served more than 17 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$40,840,000.

Senior Corps: More than 4,600 seniors in Kentucky contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 2,600 young people who have special needs. Senior Companions help more than 700 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 530 groups across Kentucky.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Kentucky, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$170,000 in expanding the impact of 2 nonprofits in Kentucky.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS engages millions of Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads volunteer initiatives across the nation. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- ¹ This figure represents the number of awarded positions available to be filled in the 2016 - 2017 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- ² This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Kentucky. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- ³ AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- ⁴ The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- ⁵ As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise or other revenue used to support their programming activities across the state. Last year, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources.

Since 1994, more than 11,000 Kentucky residents have served more than 17 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$40,840,000.

State Commission

The Kentucky Commission on Community Volunteerism and Service (KCCVS) partners with the CNCS State Office for Mayors Day of Recognition for National Service, and 106 elected officials were involved, making Kentucky fourth in the nation for participation. This partnership continues for all national days of service, including MLK Day and 9/11 Day. KCCVS assisted with the Central Appalachia Community Solutions Spotlight for the AmeriCorps VISTA 50th Anniversary. KCCVS partnered with the KY YMCA Youth Association for the annual service year celebration. During the event, AmeriCorps members packed 41,256 meals; attached handwritten notes to 1,600 stuffed animals to be given by first responders; wrote 2,000 notes to veterans; and participated in team-building trainings. The YMCA partnership is continuing by establishing a service fellowship for college students. Berea College's PartnerCorps School Turnaround program was awarded "Best New AmeriCorps Program Design" in the inaugural Tom Harkin Excellence in AmeriCorps Awards. Some programs are located in Eastern Kentucky communities and part of the SOAR initiative. After combining grant awards, local match and education awards, AmeriCorps programs produce a statewide investment of \$10.7 million.

AmeriCorps State

Operation UNITE Service Corps has 44 AmeriCorps members who tutor at-risk students in math and teach students, parents, guardians, and school staff about drug awareness and prevention. AmeriCorps members are active in their county's anti-drug coalition, are liaisons between the community and school, and raise funds for UNITE Clubs, trainings, and school assemblies. They partner with local organizations and faith-based groups to bring resources to schools. They encourage students to serve so that their school and community benefit. Thanks to AmeriCorps members in Wolfe County, the "Stuff the Bus" efforts by students in all schools and grade levels produced the largest charitable donation of food in the county's history. Members help with Camp UNITE, a youth leadership/adventure program. In the past year, members mentored 4,055 students. They tutored 1,935 students in math; 80 percent improved, with an average growth of 42 percent. Of the 2,463 students they engaged in "Too Good for Drugs," 86 percent had an average 30 percent increase in knowledge. Members recruited 2,538 volunteers who served 22,500 hours. Nineteen members are also trained and ready for deployment in the event of a disaster.

Economic Empowerment Corps AmeriCorps has 11 members who give financial management tools to domestic violence survivors so they can become independent and financially stable. In some cases, particularly at smaller crisis shelters, the AmeriCorps members are the sole providers of economic empowerment services such as financial education, credit counseling, public benefits aid, and employment resources. At larger crisis shelters, members help existing staff reach more clients in outreach or transitional housing programs. The members enroll a large portion of participants in asset-building programs. They organized an end-of-year service project at a shelter in Lexington, cleaning and painting an area to be used as kennels, so survivors may come to the shelter without having to leave beloved pets behind. In the past year, the members helped nine survivors purchase an asset through the matched savings program; helped 151 survivors gain new or better employment; and, through financial counseling, helped 318 survivors reach their financial goals. Members also recruited 356 volunteers who served 8,675 hours.

AmeriCorps VISTA

Northern Kentucky University and Kentucky Campus Compact partnered with SOAR (launched by Kentucky Governor Steve Beshear and Congressman Hal Rogers) to place 52 AmeriCorps VISTA members in southeastern Kentucky during the year. This included two VISTA members who served with the Eastern Kentucky Concentrated Employment Program and supported the Hiring Our Miners Everyday initiative. This program, supported by the U. S. Department of Labor, gives laid-off mine workers on-the-job and classroom training, plus academic certification and licensing. The VISTAs created a database of 700 Eastern Kentuckians, former coalminers who were dealing with unemployment or job insecurity. They researched jobs that had a telework option and posted them to the Teleworks USA website, reaching two goals for the Teleworks Project: to list more than 400 employment opportunities and to register more than 5,000 Kentuckians for Teleworks employment.

United Way of Central Kentucky's AmeriCorps VISTA project brought in \$1.2 million in cash and in-kind donations in its most recent program year. Its VISTA members helped to build capacity and develop anti-poverty measures for eight organizations, including nonprofit agencies and school districts. During their terms of service, two USA Cares VISTAs brought in \$628,800 in cash donations support veterans. One of the VISTA members wrote and was awarded 14 grants totaling \$297,990, which will support USA Cares' four core programs: Combat Injured, Jobs Assistance, Emergency Assistance, and Housing Assistance. USA Cares awarded grants of \$75,000 to the Kentucky Department of Veterans Affairs, \$100,000 to the Disabled American Veterans Charitable Trust Fund, and \$50,000 to the Gheens Foundation. Another VISTA member's coordinated charitable events that raised \$330,800 for USA Cares. Her events included an annual gala that raised \$214,000; the Flags Ride for USA Cares motorcycle ride, which raised \$25,000; the Monarchs and Ladies for Liberty concert, which raised \$10,000; and the General's Challenge Golf Tournament, which raised \$39,261.

AmeriCorps NCCC

Partners for Education at Berea College asked an AmeriCorps NCCC team to help them put in place a Traveling Enrichment Program that would bring STEM (science, technology, engineering, and math) education to rural students at summer camp. The STEM program used proven, hands-on curriculum that are unlike the experiences these students usually have in the classroom. For eight weeks, the NCCC team, AmeriCorps VISTAs, and Partners for Education staff taught the STEM curriculums to 261 middle school students in math and science at seven locations throughout SOAR and Kentucky Promise Zone counties. Many of the schools that hosted the STEM summer camp also take part in a summer feeding program. This program ensures that children from low-income homes get nutritious meals when school is not in session. The STEM camps served 2,548 meals.

In response to an unprecedented storm in Johnson County, two AmeriCorps NCCC teams were sent to help All Hands Volunteers with the massive damage over an eight-mile stretch of the community of Flat Gap. NCCC members served in the County Donation Center to organize volunteers and unpack, organize, and restock donations. They spoke with homeowners and worked to give a sense of hope and stability to people facing the massive task of recovering from the disaster. Community members continually reminded team members how much of a difference the team was making in the Flat Gap community. NCCC members who responded in the field accomplished a tremendous amount of work in a short time. Along with All Hands project leads, members coordinated volunteers; bucked, limbed, and felled trees; dug floodway trenches; cleared multiple creeks that were clogged with debris; demolished structures; cleared mudslides; mucked and gutted homes; and completed numerous assessments of damaged properties.

Senior Corps Foster Grandparent Program

During the last school year, 71 Foster Grandparents served with Save the Children's Literacy Program in Berea. The Foster Grandparents tutored 505 students in kindergarten through 6th grade who reading below grade level. The goal was for the students to show significant improvement in reading, and 446 students – 88 percent – met their goal. Foster Grandparents gave their assigned students one-on-one help, but also helped other students in the Save the Children Literacy Program and in regular classrooms. These Senior Corps volunteers gave more than 72,000 hours of service in 24 schools in 7 counties throughout the Appalachian Mountains of southeastern Kentucky. The Foster Grandparents far exceeded their goals for the number of children served and the number of children who improved in reading.

Senior Corps RSVP

In response to the July 2015 flooding that destroyed towns in Eastern Kentucky, Morehead State University's RSVP Program has expanded programing. It added three new staff positions to help Carter/Rowan Counties and Johnson County manage volunteers for repairs and cleanup. Because of this new effort, RSVP will recruit and organize 400 volunteers to help with immediate response and long term recovery in these counties. Johnson County, where the damage and loss of life were the worst, ended search and rescue work by a week after the disaster, but has an ongoing case load and volunteers – many who arrived from out of state – to help with rebuilding. More than 800 hours of volunteer support have gone into the rebuilding and repair work. Disaster case managers are helping people who have appeals to FEMA greater than \$150,000. RSVP will support the Long Term Recovery Committees and work with the local communities to increase preparedness.

Senior Corps Senior Companion Program

Senior Companion Viola Stone was given the Professional Caregiver of the Year Award for 2015. During a ceremony in May at the Galt House in Louisville, the Kentucky Housing Corporation and Louisville HUD Office Award recognized the hard work and dedication of award winners. Every week, Ms. Stone gives 20 hours of service to four older adults who need assistance so they can stay independently in their own home. Ms. Stone's dedication as a Senior Companion volunteer is representative of the essence of all Senior Companion volunteers. According to Ms. Stone, "the Senior Companion Program means the world to me – to be able to give back to the world what God has given to me, to be able to put a smile on my clients' faces, to show them love and they show me love back. I thank God every day for ElderServe Senior Companion Program."

Social Innovation Fund

The Social Innovation Fund (SIF) is currently investing to expand the impact of three nonprofits that help Kentuckians. In 2015, the Brighton Center, a subgrantee of LISC, provided financial services to 227 people and placed 56 people in jobs. SIF transforms lives by using evidence to find what works and make it work for more people. The SIF Classic and SIF Pay for Success programs harness the expertise of grant-making intermediaries to identify, evaluate, and expand effective nonprofits serving low-income communities.

Nonprofit Subgrantees in Kentucky

Program HQ Location	Nonprofit Subgrantee Name	Description
	<i>Intermediary</i>	
Louisville, KY	City of Louisville, KY Harvard Kennedy School Government Performance Lab	Louisville's PFS project addresses substance use treatment and recidivism reduction. Once possible projects are selected, the GPL will use available data and evidence to conduct a feasibility analysis of the proposed projects using the PFS model. The feasibility analysis would focus on supporting development five main aspects of the PFS transaction: (1) assessing whether the proposed interventions produce the desired outcomes; (2) confirming that the likely outcomes satisfy cost-benefit principles; (3) developing an efficient and effective payment structure within a PFS model; (4) insuring that there are adequate service providers that can deliver the desired outcomes; and (5) establishing rigorous evaluation criteria and metrics to measure the initiative's outcomes.
Newport, KY	Brighton Center, Inc. Local Initiatives Support Corporation (2015)	Brighton Center will expand, deepen, and strengthen bridge services as a part of their integrated services delivery model at their nationally accredited Center for Employment Training (CET). CET provides hands-on skill specific training in the areas of Business & Computer Technology, Medical Assisting, and Construction & Manufacturing Technologies. Over the next three years, Brighton Center will work intensively to increase the net income, net worth and credit scores of an expanded number of bridge participants.
