

National Service in Virginia

MEETING COMMUNITY NEEDS IN VIRGINIA

More than 5,600 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Virginia. Serving at more than 610 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$12,710,000 to support Virginia communities through national service and social innovation initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$15,270,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars. Nationwide, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources in FY 2015.

AmeriCorps: This year AmeriCorps will provide more than 670 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Virginia. Most AmeriCorps grant funding goes to the Office on Volunteerism and Community Service, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight hunger and illiteracy, improve health services, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 16,000 Virginia residents have served more than 26 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$55,900,000.

Senior Corps: More than 5,000 seniors in Virginia contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 860 young people who have special needs. Senior Companions help more than 240 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 440 groups across Virginia.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Virginia, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$460,000 in expanding the impact of 6 nonprofits in Virginia, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS engages millions of Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads volunteer initiatives across the nation. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$27,985,441

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- ¹ This figure represents the number of awarded positions available to be filled in the 2016 - 2017 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- ² This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Virginia. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- ³ AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- ⁴ Virginia is served by the AmeriCorps NCCC campus located in Vicksburg, Mississippi. In the past year, AmeriCorps NCCC teams have served on projects in Norton, Winchester, Chesapeake, Urbanna, Suffolk, Herndon.
- ⁵ The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- ⁶ As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise or other revenue used to support their programming activities across the state. Last year, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources.

Since 1994, more than 16,000 Virginia residents have served more than 26 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$55,900,000.

State Commission

The Virginia Service Commission oversees 23 AmeriCorps State Programs and four Volunteer Generation Fund programs. The Commission's reach spans the Commonwealth through programs, placement sites, and partnerships involving Volunteer Centers, colleges and universities, community action programs, and other community and human service organizations. In January 2015, Virginia became the first state to be recognized as an Employer of National Service. The 2015 Volunteerism and Service Conference attracted more than 500 participants and provided training on topics from volunteer management to service project implementation. Through a highly effective partnership including nonprofit organizations, Virginia Department of Veterans Services, Virginia Veterans Corps, and AmeriCorps State, VISTA, and NCCC, functional homelessness among veterans in Virginia has been eliminated. The Commission maximizes service in Virginia through training, supporting effective partnerships, and expanding opportunities for everyone to find a service niche.

AmeriCorps State

Aspire!'s Learning Links AmeriCorps program in south Arlington engages 13 AmeriCorps members who serve children during school, after school, and at home. AmeriCorps members serve at Barcroft, Campbell, Carlin Springs, Claremont Immersion, and Randolph Elementary Schools. Members are an integral part of the Learning ROCKS! Program, actively planning weekly schedules, implementing lesson plans, leading literature circles and homework groups, and more. The members tutor individual students, give small group instruction, and are classroom aides. They plan youth and family activities at several local apartment buildings and have a weekly activity for the children of residents that fosters healthy habits in literacy, nutrition, and physical activity. Corps members can live at one of the buildings, which lets them become an integral part of the community and provide seamless services for children. More than 92 percent of students in the program have improved their reading levels.

The Dan River Year AmeriCorps program engages 27 AmeriCorps members who advance Virginia's goal to improve STEM outcomes for its citizens. The program serves K-12 students, job seekers, and workers in Halifax, Pittsylvania, Henry, and Patrick Counties, and the cities of Martinsville and Danville. The program focuses on improving math and computer literacy for disadvantaged students and adults. It expands STEM enrichment opportunities, including out-of-school camps, a regional science fair, and mobile lab experiences. The AmeriCorps members serve one-on-one with students and adult learners to improve their STEM skills. They also work in teams, with community volunteers, to explore opportunities for STEM careers. The members have recruited 493 volunteers who support STEM enrichment, career development, and skill programs. The program has quadrupled the number of winter STEM camps and the number of students, and has started a new Science Café for adult learners.

AmeriCorps National

Youth Volunteer Corps engages three AmeriCorps members in serving Hampton Roads and Staunton. Last year in Hampton Roads, AmeriCorps members engaged 321 youth, including 159 disadvantaged youth, in 8,184 hours of service. The youth volunteers participated in 112 service projects for 27 community agencies, including The VA Medical Center, SPCA, and Bluebird Group Farm. The program launched in Staunton in November 2015 with similar goals to engage youth in service.

Mt. Adams Institute VetsWork AmeriCorps members serve with public lands management and natural resource agencies to meet land improvement needs that would otherwise be unmet. AmeriCorps members maintain trails, clear non-native invasive species, maintain recreation areas, engage volunteers, do technical writing, and evaluate and document archeological sites. In George Washington and Jefferson National Forests, four VetsWork AmeriCorps members gave 4,025 hours of service, maintained 87 miles of trail, coordinated volunteers, and maintained two facilities.

AmeriCorps VISTA

Helping Overcome Poverty's Existence, Inc. (HOPE) in Wytheville is an AmeriCorps VISTA sponsor that is helping reduce local food insecurities in Wythe and Bland counties by raising community awareness, assessing and aligning community efforts, and supporting program expansion. The AmeriCorps VISTA's fundraising efforts have helped raise more than \$135,000 to sustain and expand the weekly backpack program which ensures that low-income children have food to eat during weekends and holidays. As a result of the increased funding, HOPE has hired a program coordinator, leased a warehouse, and drastically increased the number of students served. The program now serves 500-800 students per week in all of the elementary schools in Wythe and Bland counties, as well as two Head Start centers. To support this increased service, the VISTA is also recruiting, tracking, and managing more than 65 community volunteers.

Virginia Polytechnic Institute and State University, an AmeriCorps VISTA intermediary, supports nonprofit organizations and university-based community outreach efforts to better address the needs of those in poverty in the New River Valley. AmeriCorps VISTAs are building robust volunteer networks to support school readiness, post-secondary success, successful aging in place, and access to healthy foods. One VISTA member serving at the Kindergarten to College program is raising the number of low income high school students who enroll in college by increasing their exposure to Science, Technology, Engineering and Mathematics through pre-college programming, mentoring, and large scale events. To support these activities, the VISTA is recruiting, training and organizing volunteers; conducting targeted outreach; and building community partnerships. As a result, the pre-college programming has drawn the participation of eight area Title I schools, more than 540 students, 100 volunteers, and a dozen university partners. Additionally the 2015 Virginia Science Festival was attended by over 6,000 children and families and included 200 exhibitors, 200 student volunteers, and 25 sponsors.

AmeriCorps NCCC

The Virginia Coalition to End Homelessness in Hampton received two AmeriCorps NCCC teams this year to assist homeless veterans and other populations. The organization's mission is to prevent and end homelessness in Virginia through community collaboration, capacity building, education, and advocacy. AmeriCorps NCCC members prepared and served 596 meals, and received, inventoried, and distributed 14,293 pounds of food donations and more than 5,000 pounds of household goods. The team made "Welcome Home" baskets, which included household goods for veterans moving into housing after having experienced homelessness. Members documented and created a database of veterans in need of assistance, and made more than 350 phone calls to individuals who had used winter housing to see if they still needed help. The teams renovated multiple transitional housing centers, and landscaped at both the H.E.L.P. Day Center, which provides training and assistance to those experiencing homelessness, and the Natasha House, a transitional home for women and their families. At the Menchville House, an emergency shelter for families, members repaired software and internet connection issues at the house computer lab.

An AmeriCorps NCCC team partnered with The Northern Shenandoah Valley Regional Commission to conduct community outreach and data collection, neighborhood improvement projects, and water quality and stewardship activities. The Commission exists to bring Clarke, Frederick, Page, Shenandoah, and Warren counties, and the City of Winchester, to pursue common goals, work together on regional issues, and find efficiencies through collaboration. To begin their service, the team served in the Town of Stanley where they dredged and redirected a small canal system. Next, members served with Literacy Volunteers Winchester Area to create, distribute, and analyze a written survey on the perception and awareness of adult literacy in the City of Winchester. Following this, members were stationed at Clermont Farm where they removed trash and brush distributed water quality information with the Downstream Project. In the Town of Berryville, members tended community gardens, removed vegetation, and restored a creek bed. Lastly, the team conducted building surveys in Luray and input the data to support the city's planning efforts.

Senior Corps Foster Grandparent Program

The Department of Social Services of the City of Hampton sponsors the Foster Grandparent program serving Newport News, Hampton, and Williamsburg and James City and York counties. More than 110 Foster Grandparents provide academic, social, and emotional support to more than 550 special needs students living in these areas. Over the past year, 116 Pre-K students demonstrated gains in social or emotional development due in part to the dedication and support of the Foster Grandparent volunteers. The weekly interaction with the volunteers has enhanced the children's readiness and success for kindergarten. Foster Grandparents also served weekly in the Newport News and Hampton City Public School Districts to implement individualized literacy skills development plans for third grade students. Results demonstrated that approximately 60% showed improved literacy skills.

Senior Corps RSVP

The Norfolk Senior Center, the sponsor of Prime Plus RSVP of Portsmouth, provides structured programming at two senior centers run by the Department of Recreation, Parks & Open Space. Seventy-one RSVP volunteers serve the community through the Prime Plus RSVP of Portsmouth, engaged in activities that include serving food and counseling homeless individuals; conducting daily wellness check-ins on 300 residents to ensure senior safety; and recruiting community volunteers to assist with the Sheriff's Safety Town initiative. A new initiative called the "Golden Chefs Program" was created this year. One night a week, RSVP volunteers and other community members donate one item from a grocery list and help to prepare a meal for an entire group at a specified location. The designated head chef of the evening (often times a local culinary student) will lead the "Golden Chefs" in preparing the meal. This initiative serves many purposes, including increased social support at the weekly meal in addition to providing seniors with tips on healthy food choices and preparation.

Senior Corps Senior Companion Program

The Senior Companion Program sponsored by Clinch Valley Community Action Inc., is the only organized senior volunteer program in the service area that provides trained and reliable companions to residents. The Senior Companion volunteers have provided respite services to caregivers and community based in-home services to clients in rural southwest Virginia for more than 28 years. The service area lacks night, weekend, and rural area public transportation systems, making transportation a major barrier for those citizens who do not drive or have their own vehicle. This past year, 33 Senior Companions provided 38,000 hours of service to 80 frail and elderly clients. Of the clients who responded to a survey to measure the impact of the program, most clients reported that they were able to continue living independently at home thanks to the services provided by the Senior Companion volunteers.

Social Innovation Fund

The Social Innovation Fund (SIF) transforms lives by using evidence to find what works and make it work for more people. The SIF Classic and SIF Pay for Success programs harness the expertise of grant-making intermediaries to identify, evaluate and expand effective nonprofits serving low-income communities across America. The SIF programs throughout the state primarily focus on strengthening the workforce and improving educational attainment for youth. The Social Innovation Fund is investing \$210,631 in expanding the impact of four nonprofits and in Virginia.

Volunteer Generation Fund

Virginia's Volunteer Generation Fund program aims to develop and support community-based entities to recruit, manage, and support volunteers. Grants totaling \$250,000 were awarded to four nonprofit volunteer connector agencies. These programs implemented effective practices to expand volunteering, strengthen the capacity of volunteer connector organizations to recruit and retain skill-based volunteers, and develop strategies to use volunteers effectively to solve problems. Community volunteers recruit, train, and deploy volunteers as a specific strategy to address early childhood literacy, mentor high school seniors to become college ready, provide increased socialization and independent living activities for individuals with disabilities, develop and implement a school volunteer program in five county schools, and improve educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools.

Intermediary Grantmakers in Virginia

Location	Intermediary Name <i>Nonprofit Subgrantees</i>	Description
Arlington, VA	Capital Impact Partners	<p>Capital Impact Partners' Cornerstone Homeownership Innovation Program (CHIP) will scale and replicate "shared equity homeownership" programs to build the capacity of local organizations to more effectively manage public investment in affordable homeownership for low-income families to ensure that assisted families realize measurable economic benefits including increased stability, access to neighborhoods of opportunity, and family wealth building. By preserving the public investment these programs will increase the number of families served without additional public investment. The ultimate goal of this work is to transform the way that local, state and federal agencies invest scarce public funds to support homeownership for lower income families, fund replication of its homeownership program, providing intensive technical assistance on the implementation of its model.</p> <ul style="list-style-type: none"> • <i>Long Island Housing Partnership in Hauppauge, NY</i> • <i>Mountainlands Community Housing Trust in Park City, UT</i> • <i>Housing Leadership Council in Riviera Beach, FL</i> • <i>City First Enterprises, Inc. in Washington, DC</i>

Nonprofit Subgrantees in Virginia

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Richmond, VA	Virginia Supportive Housing Corporation for Supportive Housing (2014)	<p>CSH and its partners will work with Virginia Supportive Housing to assess the feasibility of a PFS initiative focused on creating supportive housing for vulnerable populations. In Richmond, Virginia, a small group of individuals plays a significant role in the escalating costs for correctional services and other emergency systems. These "super utilizers" have complex needs and ricochet between incarceration, hospitalization, detoxification services, and homelessness. Specifically, this project will target individuals in Richmond, Virginia and the surrounding counties who have had contact with both jails and hospitals more than four times over five years with at least one stay in each system in the last year. Among other technical assistance, CSH anticipates working with Virginia Supportive Housing to develop methods that: a) determine eligibility for the initiative across the 3 systems; b) identify payment structures that reflect the distribution of cost benefits among jurisdictional units. This project will target the Greater Richmond Continuum of Care which includes the City of Richmond, and the counties of Charles City, Chesterfield, Hanover, Henrico, New Kent, Goochland, Powhatan and the town of Ashland.</p>
Arlington, VA	Meals on Wheels of America Nonprofit Finance Fund	<p>Meals on Wheels America, in partnership with Quantified Ventures, a new transaction coordinator to the field, and Meals on Wheels of Central Maryland, will structure a PFS project in the Baltimore area to enable more senior citizens to remain in their homes. The project will provide nutritious meal delivery, in-home safety checks and socialization, and case management services to vulnerable older adults, with the aim of improving quality of life and avoiding unnecessary healthcare costs. This project will engage a healthcare provider as the back-end payor, helping to accelerate the shift in the health field toward payment based on outcomes rather than service provided, and could serve as a replicable financing model for Meals on Wheels America's national network of more than 5,000 senior nutrition programs.</p>

Nonprofit Subgrantees in Virginia

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Arlington, VA	Communities in Schools, National The Edna McConnell Clark Foundation	Communities in Schools serves economically disadvantaged students in grades K-12 who are at greatest risk of dropping out of school to improve grades and attendance and increase their likelihood of high school completion
Richmond, VA	Virginia Pay for Success Council (Virginia PFS) and Virginia Department of Health Third Sector Capital Partners	Virginia PFS will receive technical assistance from Third Sector to explore PFS feasibility of prenatal home visiting programs with the potential to improve medical, social, and educational outcomes for low-income pregnant women and their children in 4 geographic areas.
Vienna, VA	The SkillSource Group, Inc. Third Sector Capital Partners	The SkillSource Group, Inc., the nonprofit entity of the Northern Virginia Workforce Development Board, will explore how P4P can improve outcomes in educational attainment, sustainable employment and criminal behavior for youth involved in the foster care and juvenile justice systems.
Arlington, VA	Year Up - National Capital Region Venture Philanthropy Partners (VPP)	Year Up-National Capital Region is implementing a health education program that provides health education and insurance to students and eligible family members to increase retention in their intensive educational and training program, putting more young people on the path to career success.
